

Pre-Buy & Price Protection Plans 2011-2012 Season

Dear Valued Customer,

Offer subject to change without notice

It is time again to start thinking about your home heating needs for the upcoming season. At Pure Energy Solutions, we strive to keep our prices stable, competitive, and predictable with our price protection plans. Please review the following programs and select which one best fits your financial needs:

Capped Price Program \$3.99⁹*

- This plan is our “Peace of mind” plan!
- Your price of fuel will not go higher than the cap price, but lets you take advantage of the lower market price on the date of your delivery.
- # of gallons protected _____ X 25¢ per gallon non-refundable = _____

Pre-Buy Plan with Fixed Price

- # of gallons _____ x **\$3.79⁹** per gallon = _____ pre-payment in full required.
Price is locked for the season, you will not pay more or less than this price.

Daily Market Price

- This is our pay as you go option!
- You pay as you receive deliveries all season long.
- Automatic Delivery.

Neighborhood Co-op (15 cents off daily market price)

- Save 15¢ per gallon when you and 5 of your neighbors participate in Pure Energy's automatic delivery plan. It's that easy!

*The Capped Price Program, Pre-Buy Plan and Co-op Plan require automatic deliveries. All plans require COD or major CC on file. Accounts must meet payment terms in order to remain in selected program. All plans run from October 1, 2011 through April 30, 2012. Customer understands and agrees that any condition due to Acts of God, Acts of War, Natural disasters, and Emergencies, which cause Pure Energy Solutions, Inc. suppliers inability to provide sufficient fuel supply, will effect the designated plan.

Please choose one of these plans below, sign, date, and **return by September 30, 2011**. If you have any questions, please do not hesitate to call us (508) 528-3345. You may fax form to (508) 473-4310. We appreciate your business and look forward to serving you this heating season.

Sincerely,
Michael Cataldo
Owner
